**43' FLAT DECK**

The Black Thunder 43 foot V-bottom is where it all started. With configurations including twin step-bottom flat deck for lighter weight and higher performance, to straight bottom, raised-decks for better cabin comfort and ride stability, the 43 has proven itself as a top offshore performer. Power options range from twin Mercury 520's to 1350's, with your choice of cockpit configurations including extended cockpit with four bolster seats, or standard cockpit to make room for bigger powerplants. With your commissioned build comes choice, and Black Thunder Offshore aims to deliver.

- Length:** 42' 10"
- Beam:** 9'6"
- Draft:** 30"
- Cabin:** 5' 6" Headroom
- Engine Package:** Twin Mercury Racing 565's
